WHEREAS, the Policy permits the Agency to grant a waiver to the Policy (a “Waiver”) on a case-by-case basis where warranty issues, necessity of specialized skills, significant cost differentials between local and non-local services or other compelling circumstances exist; and

WHEREAS, in accordance with the Policy, in its Application, the Company requested a Waiver which such Waiver shall be further reviewed by the Executive Director along with any additional necessary information from the Company and which such Waiver shall be decided on by the Board at a future date.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONONDAGA COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Agency, based upon the representations made by the Company to the Agency in the Application, hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act;

(B) The Project constitutes a “project,” as such term is defined in the Act;

(C) The Project site is located entirely within the boundaries of Onondaga County, New York;

(D) It is estimated at the present time that the costs of the planning, development, construction and installation of the Project Facility (collectively, the “Project Costs”) will be approximately \$51,500,000,000;

(E) The completion of the Project will not result in the removal of a plant or facility of any proposed occupant of the Project Facility from one area of the State to another area of the State and will not result in the abandonment of one or more plants or facilities of any occupant of the Project Facility located in the State;

(F) (1) The Project Facility does not constitute a project where facilities or property that are primarily used in making retail sales of goods and/or services to customers who personally visit such facilities constitute more than one-third of the total cost of the Project, and accordingly the Project is not prohibited by the provisions of Section 862(2)(a) of the Act, and (2) accordingly the Agency is authorized to provide Financial Assistance in respect of the Project pursuant to Section 862(2)(a) of the Act;

(G) The acquisition, construction, installation and equipping of the Project Facility and the leasing of the Project Facility to the Company is reasonably necessary to induce the Company to construct the Project in the State;

(H) Based upon representations of the Company and counsel to the Company, the Project Facility conforms with, or prior to the Agency entering into the Agency Documents, will conform with the local zoning laws and planning regulations of Onondaga County and all regional and local land use plans for the area in which the Project Facility is located;

(I) The granting of the Financial Assistance by the Agency with respect to the Project will promote the job opportunities, general prosperity and economic welfare of the citizens of Onondaga County, New York and the State and improve their standard of living, and thereby serve the public purposes of the Act;

(J) The Agency has reviewed the Public Hearing Report and has fully considered all comments contained therein;

(K) The Project should receive the Financial Assistance in the form of exemptions from certain sales and use taxes, real property taxes and real estate transfer taxes based on the description of expected public benefits to occur as a result of this Project, as described in the Application, and failure by the Company to meet the expected public benefits will result in a recapture event, as described in the Project Agreement;

(L) It is desirable and in the public interest for the Agency to enter into the Agency Documents;

(M) The Agency has assessed all material information included in connection with the Application necessary to afford a reasonable basis for the decision by the Agency to provide the Financial Assistance for the Project as described herein;

(N) The Agency has prepared a written cost-benefit analysis identifying the extent to which the Project will create or retain permanent, private sector jobs, the estimated value of any tax exemption to be provided, the amount of private sector investment generated or likely to be generated by the Project, the likelihood of accomplishing the Project in a timely fashion, and the extent to which the Project will provide additional sources of revenue for municipalities and school districts, and any other public benefits that might occur as a result of the Project; and

(O) The Company has provided a written statement confirming that the Project as of the date of the Application is in substantial compliance with all provisions of the Act.

(P) The Agency has complied with deviation procedures as contained within the UTEP and as required by the Act and based upon its review of the following factors, finds and determines that it is desirable and in the public interest of the Agency to deviate from its UTEP and to approve the execution and delivery of the PILOT Agreement with the payments specified in Exhibit A:

1. When fully operational, the Company anticipates the Project's end user will create approximately 4,500 new full time equivalent jobs.

2. The construction phase of the Project, which entails construction of a state of the art, modern warehousing and distribution facility and all appurtenant infrastructure (site work, utilities, roadway improvements, landscaping) and associated exterior improvements (parking and loading areas, sidewalks, lighting and signage) and is estimated to last approximately fifty (50) months and create approximately 4,200 construction jobs.

3. The Company intends to build a leading-edge semiconductor manufacturing complex. The construction of the Project Facility demonstrates the Company's long-term commitment to community investment in the Affected Tax Jurisdictions.

4. The Company estimates that it will expend approximately \$51,500,000,000 on the acquisition, construction, and equipping of the Project Facility.

5. Given the magnitude of the Project, the economic benefits provided by the Project are anticipated to extend beyond those provided directly by the Project and include the growth of ancillary businesses that will be necessary to support the Project and its employees. Additionally, there will be an anticipated influx of spending in the community, spurred by the Project and its employees.

6. The Company's willingness to undertake mitigation and remediation measures with consideration of the Project's anticipated effect on the environment.

7. It is estimated that the Project will generate \$84,501,999 in PILOT payments during the forty-nine-year term of the Proposed PILOT Agreement. The real property taxes on the Project Facility without the Proposed PILOT Agreement over the same term using current tax rates would produce approximately \$368,384,225 in real property tax revenue.

8. As a prerequisite to the Agency undertaking the Project, the Company will enter into an agreement that any financial assistance it receives from the Agency will be subject to recapture in the event the Project does not fulfill the purposes for which the tax exemptions were granted.

9. The distribution of PILOT payments to the Affected Tax Jurisdictions under the Proposed PILOT Agreement will comply with the provisions of the Act.

Section 2. In consequence of the foregoing, the Agency hereby determines to: (A) proceed with the Project; (B) acquire a leasehold or a subleasehold interest in the Land and all improvements now or hereafter located on the Land from the Company pursuant to the Underlying Lease and acquire the Equipment pursuant to a bill of sale from the Company; (C) lease or sublease the Project Facility to the Company pursuant to the Lease Agreement; (D) acquire, construct, install and equip the Project Facility, or cause the Project Facility to be acquired, constructed, installed and equipped, as provided in the Lease Agreement; (E) secure any loan, the proceeds of which will be used to finance or refinance the costs of the acquisition, construction, installation and equipping of the Project Facility by granting a mortgage lien on the Agency's interest in the Project Facility and entering into one or more mortgages and/or assignments of leases and rents in favor of the Lender; and (F) grant to the Company the Financial Assistance with respect to the Project.

Section 3. Notwithstanding anything herein to the contrary, the amount of State and local sales and use tax exemption benefit comprising the Financial Assistance approved herein shall not exceed **\$1,760,000,000 and shall last no longer than four years from the earlier of the execution and delivery of the Interim Documents or the Agency Documents.** The Agency may

consider any requests by the Company for increases to the amount of sales and use tax exemption benefits authorized by the Agency upon being provided with appropriate documentation detailing the additional purchases of property or services.

Section 4. Notwithstanding anything herein to the contrary, the amount of real property tax abatement benefit comprising the Financial Assistance approved herein shall be approximately **\$283,882,226**, which such amount reflects the total estimated real property tax exemptions for the Project Facility (which constitute those taxes that would have been paid if the Project Facility were on the tax rolls and not subject to the Proposed PILOT Agreement of approximately **\$368,384,225**, less the total payments in lieu of taxes of **\$84,501,999** to be made by the Company to the affected tax jurisdictions with respect to the Project Facility during the term of the Proposed PILOT Agreement). The amount of estimated real property tax exemptions is estimated based on an assumed assessed value of the Project Facility and assumed future tax rates of the affected tax jurisdictions; therefore the real property tax abatement benefit is estimated because it is calculated using the estimated real property tax exemptions. The actual amount of real property tax abatement benefit is subject to change over the term of the Proposed PILOT Agreement depending on any changes to assessed value and/or tax rates of the affected tax jurisdictions. Exhibit A attached hereto reflects an annual breakdown of the payments in lieu of taxes to be made to the affected tax jurisdictions in each year during the term of the Proposed PILOT Agreement ("Total PILOT"), an estimated value of the real property tax ("Full Tax Payment without PILOT"), and an estimated value of the real property tax abatement benefits ("Net Exemptions").

Section 5. The Agency is hereby authorized to acquire, construct, install and equip the Project Facility as described in the Agency Documents, to appoint the Company as agent of the Agency to undertake such acquisition, construction, installation and equipping of the Project Facility as described in the Agency Documents, and to do all things necessary or appropriate for the accomplishment thereof, and all acts heretofore taken by the Agency with respect to such acquisition, construction, installation and equipping are hereby ratified, confirmed and approved.

Section 6. The Chairperson (or Vice Chairperson) and the Executive Director of the Agency, with the assistance of Agency Counsel, are each authorized to negotiate and approve the form and substance of the Agency Documents.

Section 7. (A) The Chairperson (or Vice Chairperson) and the Executive Director of the Agency are each hereby authorized, on behalf of the Agency, to execute and deliver the Agency Documents, and, where appropriate, the Secretary (or Assistant Secretary) of the Agency is hereby authorized to affix the seal of the Agency thereto and to attest the same, all in the forms thereof as the Chairperson (or Vice Chairperson) or the Executive Director shall approve, the execution thereof by the Chairperson (or Vice Chairperson) or the Executive Director to constitute conclusive evidence of such approval.

(B) The Chairperson (or Vice Chairperson) and the Executive Director of the Agency are each hereby further authorized, on behalf of the Agency, to designate any additional Authorized Representatives of the Agency (as defined in and pursuant to the Lease Agreement).

Section 8. For purposes of providing the terms and conditions for which the Company will receive the benefit of certain State and local sales and use tax exemptions in connection with the Project, the Interim Documents in such form as the Chairperson, Vice Chairperson and/or Executive Director of the Agency shall (with the advice of Agency counsel) deem advisable, be, and the same are, hereby approved; and the Chairperson, Vice Chairperson and/or Executive Director of the Agency are each hereby authorized and directed to execute, acknowledge and deliver the Interim Documents in the name of the Agency. The execution and delivery of the Interim Documents shall be conclusive evidence of due authorization and approval of the Interim Documents in their respective final form. The Chairperson, Vice Chairperson and/or Executive Director of the Agency shall determine the date of expiration of the Company's appointment as temporary agent of the Agency; provided, however, that such expiration date shall be not later than six (6) months from the execution and delivery of the Interim Documents unless either (a) the Agency and the Company have entered into a "straight-lease" transaction (as defined in the Act) prior to such date; or (b) the Agency has agreed to an extension of such expiration date. The foregoing shall be subject to payment by the Company of the full amount of the Agency's administrative fee in the amount of \$10,000,000 with respect to the Project.

Section 9. The Agency shall maintain records of the amount of State and local sales and use tax exemption benefits provided to the Project and each agent or Project operator and shall make such records available to the State Commissioner of Taxation and Finance (the "Commissioner") upon request. The Agency shall, within thirty (30) days of providing any State sales and use tax exemption benefits, report to the Commissioner the amount of such benefits for the Project, identifying the Project, along with any such other information and specificity as the Commissioner may prescribe. As a condition precedent to the Company's receipt of, or benefit from, any State or local sales and use tax exemptions, the Company must acknowledge and agree to make, or cause its agents and/or operators to make, all records and information regarding State and local sales and use tax exemption benefits available to the Agency upon request. The provisions of Section 875 of the Act are hereby incorporated herein as if set forth herein and the Agency agrees that it shall comply with the requirements of such Section 875 of the Act.

Section 10. The Agency shall maintain records of the amount of State and local sales and use tax exemption benefits provided to the Project and each agent or Project operator and shall make such records available to the State Commissioner of Taxation and Finance (the "Commissioner") upon request. The Agency shall, within thirty (30) days of providing any State sales and use tax exemption benefits, report to the Commissioner the amount of such benefits for the Project, identifying the Project, along with any such other information and specificity as the Commissioner may prescribe. As a condition precedent to the Company's receipt of, or benefit from, any State or local sales and use tax exemptions, the Company must acknowledge and agree to make, or cause its agents and/or operators to make, all records and information regarding State and local sales and use tax exemption benefits available to the Agency upon request. The provisions of Section 875 of the Act are hereby incorporated herein as if set forth herein and the Agency agrees that it shall comply with the requirements of such Section 875 of the Act.

Section 11. The Agency hereby delegates to the Company, as agent of the Agency, the authority to designate (following the execution and delivery of the Interim Documents or the Agency Documents, as the case may be), agents and sub-agents of the Agency (each, a "Sub-Agent") for purposes of utilizing the Agency sales and use tax exemption with respect to the acquisition,

construction, installation and equipping of the Project Facility; provided that any such sub-agency designation shall become effective only upon submission to the Agency within fifteen (15) days of such agency and sub-agency designation: (1) an executed sub-agent appointment agreement (in a form approved by the Agency) and (2) a completed Form ST-60 of the New York State Department of Taxation and Finance (IDA Appointment of Project Operator or Agent for Sales Tax Purposes). Such agents and sub-agents may include contractors and subcontractors involved in the acquisition, construction, installation and equipping of the Project Facility.

Section 12. The terms and conditions of subdivision 3 of Section 875 of the Act are herein incorporated by reference and the Company and/or any Sub-Agent shall agree to such terms as a condition precedent to receiving or benefiting from an exemption from State and local sales and use tax exemption benefits.

Section 13. As a condition precedent to the granting of the Financial Assistance, the Company agrees to execute an agreement with the Agency setting forth the preliminary undertakings of the Agency and the Company with respect to the Project. The form and substance of the proposed agreement, a form of which was available to the members of the Agency (the "Agreement") are hereby approved. The Chairperson (or Vice Chairperson) and the Executive Director of the Agency are each hereby authorized, on behalf of the Agency, to execute and deliver the Agreement, in substantially the same form as presented at this meeting with changes in terms and form as shall be consistent with this Resolution and as the Executive Director or (Vice) Chairperson shall approve. The execution thereof by the Executive Director or (Vice) Chairperson shall constitute conclusive evidence of such approval.

Section 14. Due to the nature of the Project, the cost of the acquisition, construction and equipping of the Project Facility, the number of jobs to be created and the importance of the Project to Onondaga County, the Agency hereby agrees to accept a reduced administrative fee for the Project of \$10,000,000.

Section 15. The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required or provided for by the provisions of the Interim Documents and the Agency Documents, and to execute and deliver all such additional certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing Resolution and to cause compliance by the Agency with all of the terms, covenants and provisions of the Interim Documents and the Agency Documents binding upon the Agency.
