ONONDAGA COUNTY INDUSTRIAL DEVELOPMENT AGENCY APPLICATION FOR BENEFITS

- 1. Fill in all blanks using "none", "not applicable" or "not available". If you have any questions about the way to respond, please call the Onondaga County Industrial Development Agency at 315-435-3770.
- 2. If providing an estimate put "(est.)" after the figure or answer. If more space is needed to answer any specific question, attach a separate sheet.
- 3. If the OCIDA Board approves benefits, it is the company's responsibility to obtain and submit all necessary forms and documents. (ST-60, PILOT Agreement)
- 4. When completed, return this Application by mail or fax to the Agency at the address indicated below. A signed application may also be submitted electronically in PDF format to Nate Stevens at nstevens@ongov.net. An Application will not be considered by the Agency until the Application fee has been received.
- 5. The Agency will not give final approval for this Application until the Agency receives a completed NYS Full Environmental Assessment Form concerning the Project, which is the subject of this Application. The form is available at http://www.dec.ny.gov/permits/6191.html.
- 6. Please note the Public Officers Law declares all records in the possession of the OCIDA (with certain limited exceptions) are open to public inspection and copying. If the Applicant is of the opinion that there are elements of the Project which are in the nature of trade secrets which, if disclosed to the public or otherwise widely disseminated, would cause substantial injury to the Applicant's competitive position, this Applicant must identify such elements in writing and request that such elements be kept confidential. In accordance with Article 6 of the Public Officer's Law, the OCIDA may also redact personal, private, and/or proprietary information from publicly disseminated documents.
- 7. The Applicant will be required to pay the Agency Application fee and, if accepted as a project of the agency, all administrative and legal fees as stated in Section VI of the Application.
- 8. A complete application consists of the following 9 items:
 - This Application
 - Local Access Agreement
 - Employment Plan
 - Conflict of Interest
 - A feasibility statement indicating the need for the requested benefits
 - Description of project, Site Plans/Sketches, and Maps
 - NYS Full Environmental Assessment Form
 - A check payable to the Agency in the amount of \$1,000
 - A check payable to Barclay Damon LLP in the amount of \$2,500
- 9. This Application was adopted by the OCIDA Board on November 19, 2019.

It is the policy of the Agency that any project receiving benefits from the Onondaga County Industrial Development Agency will utilize 100% local contractors and local labor for the construction period of the project unless a waiver is granted in writing by the Agency.

Section V: Local Access Policy Agreement

In absence of a waiver permitting otherwise, every project seeking the assistance of the Onondaga County Industrial Development Agency (Agency) must use local general contractors, subcontractors, and labor for one-hundred percent (100%) of the construction of new, expanded, or renovated facilities. The project's construction or project manager need not be a local company.

Noncompliance may result in the revocation and/or recapture of all benefits extended to the project by the Agency. Local Labor is defined as laborers permanently residing in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins, and Wayne. Local (General/Sub) Contractor is defined as a contractor operating a permanent office in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins and Wayne. The Agency may determine on a case-by-case basis to waive the Local Access Policy for a project or for a portion of a project where consideration of warranty issues, necessity of specialized skills, significant cost differentials between local and non-local services or other compelling circumstances exist. The procedure to address a local labor waiver can be found in the OCIDA handbook, which is available upon request.

Prior to issuance of any NYS Tax & Finance ST-60 forms, the Applicant must submit a Contractor Status Report to the Agency.

In consideration of the extension of financial assistance by the Agency C2 NY Sentinel Heights Solar, LLC (the Company) understands the Local Access Policy and agrees to complete Appendix C of the Agency's application at the time of the application to the Agency and as part of a request to extend the valid date of the Agency's tax-exempt certificate for the Project. The Company understands that an Agency tax-exempt certificate is typically valid for 12 months from the effective date of the project inducement and extended thereafter upon request by the Company. The Company further understands that any request for a waiver to this policy must be submitted in writing and approved by the Agency.

I agree to the conditions of this agreement and certify all information provided regarding the

construction and employment activities for the	ne project as of		_(date).

Section VI: Agency Fee Schedule

Payment Terms:

Application & Processing Fee (payable at the time of application):

\$1,000

Legal Deposit (payable at the time of application):

\$2,500

Agency Fee for Bond Projects:

Payable at Closing

Agency and Legal Fees for all other projects:

Due and Payable at Inducement

* A sales tax certificate (ST-60) will not be issued until the Agency Fee is Paid in Full

Agency Fees: The project cost is the Total Project Cost from section III A

Benefit Sought

Fee Charged

Mortgage Recording Tax and/or Sales Tax exemptions:

0.01 X the project cost

Additional Fee for PILOT Agreement Projects:

0.0025 X the project cost

Fee for bond financing, refinancing & refunding:

0.0025 X the project cost

Note: For Manufacturing Projects under \$10 million the fee is reduced by: 0.0025 X the project cost

Agency Legal Fees: The project cost is the Total Project Cost from section III A

Fee for first \$20 million:

0.0025 of the project cost

Fee for expenses above \$20 million:

0.00125 of the project cost

In addition to the foregoing, Applicants are responsible for payment of all costs and expenses incurred by OCIDA in connection with application or Project including without limitation publication, copying costs, SEQRA compliance and fees and costs to OCIDA's attorneys, engineers, and consultants. OCIDA reserves the right to require a deposit to cover anticipated costs. Application fees are payable at time application/request is submitted. All fees are non-refundable. Applicants for bond transactions are responsible for payment of a Bond Issuance Charge payable to the State of New York. Applicants are also responsible for payment of post-closing fees and costs associated with the appointment of additional agents.

OCIDA reserves the right to modify this schedule at any time and assess fees and charges in connection with other transactions such as grants of easement or lease or sale of OCIDA-owned property.

Section VII: Recapture of Tax Abatement/Exemptions

Information to be Provided by Companies: Each Company agrees that to receive benefits from the Agency it must, whenever requested by the Agency or required under applicable statutes or project documents, provide and certify or cause to be provided and certified such information concerning the Company, its finances, its employees and other topics which shall, from time to time, be necessary or appropriate, including but not limited to, such information as to enable the Agency to make any reports required by law or governmental regulation.

Recapture of Benefits: It is the policy of the Agency to recapture the value of a PILOT, any sales and use tax exemption, and mortgage recording tax exemption in accordance with the Laws of the State and the provisions contained herein. Before receiving benefits, the Company must attest in writing to its understanding of, and agreement to, the recapture provisions contained in State Law and herein. To the extent permitted by State law, the recapture provisions contained herein may be modified from time to time by the Agency at its sole discretion.

Recapture of a PILOT, Sales Tax and the Mortgage Recording Tax Exemptions: If the number of full time equivalent jobs to be maintained or created in connection with a project falls below 75% of the number projected in the Company's application to the Agency, or if there are material violations of the project agreements, then the value of the property tax, sales and use tax and mortgage recording tax benefits extended to the project by the Agency may be subject to recapture. When deciding whether or not to recapture benefits and the amount of such recapture, the Agency may consider the potential future benefit of the business to the community.

Recapture Payment: The recapture payment paid by the Company to the Agency shall be determined (1) by the difference between any PILOT payments made by the Company and the property taxes that would have been paid by the Company if the property were not under the supervision, jurisdiction or control of the Agency, (2) the value of any mortgage recording tax exemption, if awarded to the Company and (3) the amount of sales and use tax that would have been paid if an exemption was not granted.

Recapture of the PILOT, Sales Tax or Mortgage Recording Tax: The Recapture Schedule for a Payment in Lieu of Tax Agreement, Sales Tax or the Mortgage Recording Tax is as follows:

Time from Project Completion	Tax Savings Recaptured
1 Year	80%
2 Years	60%
3 Years	40%
4 Years	20%
5 Years	10%

<u>Distribution of the Recapture Payment:</u> Any funds recaptured as a result of the recapture payment shall be distributed to the affected taxing jurisdictions in the same proportion as if the payments were paid or owed by the Company on the date of recapture.

Additional Conditions for the Recapture of Sales and Use Tax: As of April 1, 2013, New York State law requires Industrial Development Agencies to recapture sales tax benefits where:

- A project is not entitled to receive the benefits:
- Exemptions received exceed the amount authorized by the Agency;
- Exemptions are claimed by the Project for unauthorized property or services; or
- A project fails to use property in the manner required by its IDA agreements.
- 1. <u>Distribution of Sales and Use Tax</u>. Project operators must cooperate with the Agency in its effort to recapture all sales and use tax benefits received by the Company by promptly paying the recapture amount as determined by the Agency. The amount to be recaptured will be dictated by State Law or this UTEP Policy, which ever may be applicable. The Agency shall remit the recaptured sales and use tax benefits to the State within 30 days of receipt.
- 2. Compliance Report. Annually, the Agency will file an annual compliance report with the State of New York detailing its recapture terms and its activities to recapture benefits, including any attempt to recapture benefits from an Agency project.

A "Full Time Permanent Employee" shall mean

- A full time, permanent, private sector employee on the Company's payroll, who has worked at the project location for a minimum of thirty hours per week for not less than four consecutive weeks and who is entitled to receive the usual and customary fringe benefits extended by Company to other employees with comparable rank, duties and hours; or
- 2. Up to three part time, permanent, private-sector employees on Company's payroll, who have worked at the project location for a combined minimum of thirty hours per week for not less than four consecutive weeks and who are entitled to receive the usual and customary fringe benefits extended by Company to other employees with comparable rank, duties and hours.

I have read the foregoing and agree to comply with all the terms and conditions contained therein as well as policies of the Onondaga County Industrial Agency.

as follows:						—			

- A. First Consideration for Employment: In accordance with §858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, where practicable, the Applicant will first consider persons eligible to participate in WIA programs who shall be referred by the CNY Works for new employment opportunities created as a result of the Project.
- B. Other NYS Facilities: In accordance with §862 (1) of the New York General Municipal Law, the Applicant understands and agrees that projects which will result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant within the state is ineligible for Agency Financial Assistance, unless otherwise approved by the Agency as reasonably necessary to preserve the competitive position of the project in its respective industry or is reasonably necessary.
- C. Annual Sales Tax Filings: In accordance with §874(8) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors retained by the Applicant.
- **D. Outstanding Bonds:** The Applicant understands and agrees to provide on an annual basis any information regarding bonds, if any, issued by the Agency for the project that is requested by the Comptroller of the State of New York.
- E. Employment Reports: The Applicant understands and agrees that, if the Project receives any financial assistance from the Agency, the Applicant agrees to file with the Agency, at least annually or as otherwise required by the Agency, reports regarding the number of people employed at the project site, salary levels, contractor utilization and such other information (collectively, "Employment Reports") that may be required from time to time on such appropriate forms as designated by the Agency. Failure to provide Employment Reports within 30 days of an Agency request shall be an Event of Default under the PILOT Agreement between the Agency and Applicant and, if applicable, an Event of Default under the Agency with an Employment Report may be reported to Agency board members, with said report being an agenda item subject to the open

meetings law.

- **F.** Absence of Conflicts of Interest: The Applicant has received from the Agency a list of the members, officers and employees of the Agency. No member, officer or employee of the Agency has an interest, whether direct or indirect in any transaction contemplated by this Application, except as hereinafter described in Section X.
- **G.** Compliance: The Applicant understands and agrees that it is in substantial compliance with applicable local, state, and federal tax, worker protection, and environmental laws, rules, and regulations.
- **H.** The Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if financial assistance is provided for the proposed Project:
- § 862. Restrictions on funds of the Agency. (1) No funds of the Agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.
 - I. The Applicant confirms and acknowledges that the owner, occupant or operator receiving financial assistance for the proposed Project is in substantial compliance with applicable local, state, and federal tax, worker protection and environmental laws, rules and regulations.
 - J. The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any financial assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency's involvement in the Project.
 - K. The Applicant confirms and hereby acknowledges that as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18-A of the New York General Municipal Law, including, but not limited to, the provision of Section 859-a and Section 862(1) of the New York General Municipal Law.
 - L. The Applicant and the individual executing this Application on behalf of Applicant acknowledge that the Agency and its counsel will rely on the representations and covenants made in this Application when acting hereon and hereby represents that the statements made herein do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statement contained herein not misleading.

- M. The OCIDA has the right to request and inspect supporting documentation regarding attestations made on this application.
- N. Hold Harmless Agreement: Applicant hereby releases Onondaga County Industrial Development Agency and the members, officers, servants, agents and employees thereof (the "Agency") from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by: (A) the Agency's examination and processing of, and action pursuant to or upon, the attached Application, regardless of whether or not the Application or the Project described therein or the tax-exemptions and other assistance requested therein are favorably acted upon by the Agency; (B) the Agency's acquisition, construction, and/or installation of the Project described therein and (C) any further action taken by the Agency with respect to the Project, including without limiting the generality of the foregoing, all cause of action and attorney's fees and any other expenses incurred in defending any suits or action which may arise as a result of any of the foregoing. If, for any reason, the Applicant fails to conclude or consummate necessary negotiations, or fails, within a reasonable or specified period of time, to take reasonable, proper or requested action, or withdraws, abandons, cancels or neglects the Application, or if the Agency or the Applicant are unable to reach final agreement with respect to the Project, then, and in the event, upon presentation of an invoice itemizing the same, the Applicant shall pay to the Agency, its agents or assigns, all costs incurred by the Agency in the process of the Application, including attorney's fees, if any.

End of Application

RESOLUTION UNDER THE STATE ENVIRONMENTAL QUALITY REVIEW ACT RELATIVE TO THE REQUEST FOR A SPECIFIC PERMIT AND CONTROLLED SITE PLAN APPROVAL FOR A SOLAR FARM

WHEREAS, pursuant to Article 8 of the New York State Environmental Conservation Law, as amended, and the regulations of the New York State Department of Environmental Conservation promulgate thereunder (collectively "SEQR"), the Planning Board of the Town of LaFayette, Onondaga County, New York (the "Board"), is required to make a determination with respect to the environmental impact of any "action" (as defined by SEQR) to be taken by the Board (the "Action"); and

WHEREAS, the Action contemplated is the approval of a specific permit and controlled site plan for a solar farm proposed by C2 Energy Development, LLC on Sentinel Heights Road in the Town of LaFayette; and

WHEREAS, pursuant to SEQR, the Board desires to determine whether the Action may have a significant adverse impact on the environment (as defined by SEQR); and

WHEREAS, to aid the Board in determining whether the Action may have a significant adverse impact upon the environment, the Board has been supplied with a Long Environmental Assessment Form (the "EAF"), a copy of which is on file at the office of the Clerk of the Board; and

WHEREAS, the Board desires to declare itself Lead Agency for this Type I Action under SEQR with a coordinated review; and

WHEREAS, the Board and its representatives have consulted with various interested parties, considered the impacts of the applications and otherwise undertaken the requisite "hard look" with respect to the Action;

NOW, THEREFORE,

BE IT RESOLVED by the Board as follows:

- 1. Based upon the foregoing, an examination of the EAF and the criteria contained in 6 NYCRR §617.7, the Board makes the following determination with respect to the Action:
- A. The Board hereby declares itself as Lead Agency for this Type I Action with a coordinated review;
 - B. The Action will not have significant adverse impact on the environment;
- C. As a consequence of the foregoing, the Board hereby directs that a Negative Declaration be issued with respect to the Action; and
 - D. The requirements of SEQR have been met.

- 2. The Clerk of the Board is hereby directed to file a Negative Declaration with respect to the Action in the Office of the Clerk in a file that will be readily accessible to the public.
 - 3. This Resolution shall take effect immediately.

Dated: October 20, 2020

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point	
source (i.e. sheet flow) during construction or post construction?	
If Yes:	
i. How much impervious surface will the project create in relation to total size of project parcel?	
Square feet or0 acres (impervious surface)	
Square feet or 125.9 acres (parcel size)	
ii. Describe types of new point sources. Solar panels are not considered an impervious surface by NYSDEC. The proposed roa	d is a NYSDEC
approved pervious surface.	
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent pr	roperties,
groundwater, on-site surface water or off-site surface waters)?	1
No change to surface water runoff is proposed.	
If to surface waters, identify receiving water bodies or wetlands:	
Will stormwater runoff flow to adjacent properties?	□Yes□No
iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?	Z Yes□No
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel	□Yes V No
combustion, waste incineration, or other processes or operations?	
If Yes, identify:	
<i>i.</i> Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit,	□Yes ☑ No
or Federal Clean Air Act Title IV or Title V Permit?	
If Yes:	
i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet	□Yes□No
ambient air quality standards for all or some parts of the year)	
ii. In addition to emissions as calculated in the application, the project will generate:	
• Tons/year (short tons) of Carbon Dioxide (CO ₂)	
• Tons/year (short tons) of Carbon Blokide (CO ₂) • Tons/year (short tons) of Nitrous Oxide (N ₂ O)	
•Tons/year (short tons) of Perfluorocarbons (PFCs)	
•Tons/year (short tons) of Sulfur Hexafluoride (SF ₆)	
•Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)	
Tons/year (short tons) of Hazardous Air Pollutants (HAPs)	

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? If Yes: i. Estimate methane generation in tons/year (metric): ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring):			
i. Will the proposed action result in the release of air pollut quarry or landfill operations? If Yes: Describe operations and nature of emissions (e.g., d.	•	Yes . ✓No	
 j. Will the proposed action result in a substantial increase in new demand for transportation facilities or services? If Yes: i. When is the peak traffic expected (Check all that apply Pandomly between hours of to to ii. For commercial activities only, projected number of training to to to training to to to the peak traffic expected number of training training): ☐ Morning ☐ Evening ☐ Weekend	Yes _ ZNo	
 iii. Parking spaces: Existing Proposed Net increase/decrease			
k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand			
Hours of operation. Answer all items which apply. i. During Construction:	 ii. During Operations: Monday - Friday: Saturday: Sunday: Holidays: 		

m	Will the proposed action produce noise that will exceed existing ambient noise levels during construction,	Z Yes □No
111.	operation, or both?	103 110
If	yes:	
	Provide details including sources, time of day and duration:	
	rt-term construction related noise generation is anticipated, thereafter no significant noise generation is anticipated.	
ii.	Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	☐ Yes Z No
	Describe:	
n.	Will the proposed action have outdoor lighting?	☐ Yes Z No
	yes:	
i.	Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:	
ii.	Will proposed action remove existing natural barriers that could act as a light barrier or screen?	□Yes□No
	Describe:	
0.	Does the proposed action have the potential to produce odors for more than one hour per day?	☐ Yes Z No
	If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest	
	occupied structures:	
	•	
	Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons)	☐ Yes Z No
	or chemical products 185 gallons in above ground storage or any amount in underground storage?	
	Yes:	
l. ::	Product(s) to be stored (e.g., month, year)	
ii.	Generally, describe the proposed storage facilities:	
ııı.	Generally, describe the proposed storage facilities.	
	Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides,	☐ Yes ☑ No
	insecticides) during construction or operation?	
	Yes:	
	i. Describe proposed treatment(s):	
i	i. Will the proposed action use Integrated Pest Management Practices?	☐ Yes ☐No
	Will the proposed action (commercial or industrial projects only) involve or require the management or disposal	☐ Yes ☑No
	of solid waste (excluding hazardous materials)?	
	Yes:	
i	Describe any solid waste(s) to be generated during construction or operation of the facility:	
	• Construction: tons per (unit of time)	
	 Construction: tons per (unit of time) Operation: tons per (unit of time) Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste: 	
ii	Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:	
	• Construction:	
	• Operation:	
iii.	Proposed disposal methods/facilities for solid waste generated on-site:	
	• Construction:	
	Operation:	

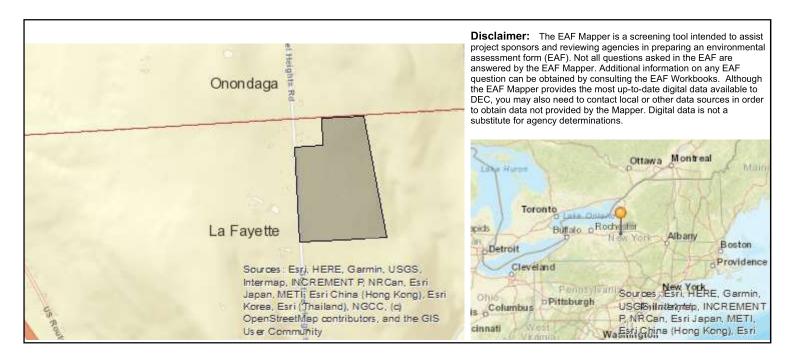

s. Does the proposed action include construction or modification of a solid waste management facility?				
If Yes: i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or				
other disposal activities): ii. Anticipated rate of disposal/processing:				
• Tons/month, if transfer or other non-	combustion/thermal treatmen	t. or		
• Tons/hour, if combustion or thermal	treatment	,		
iii. If landfill, anticipated site life:	years			
t. Will the proposed action at the site involve the comme waste?		orage, or disposal of hazard	ous ∐Yes ∏ No	
If Yes:				
<i>i</i> . Name(s) of all hazardous wastes or constituents to be	e generated, handled or mana	ged at facility:		
ii. Generally describe processes or activities involving l	nazardous wastes or constitue	ents:		
	/ .1			
iii. Specify amount to be handled or generated toiv. Describe any proposals for on-site minimization, rec	ons/month	constituents		
iv. Describe any proposais for on-site minimization, rec	yeinig of feuse of nazardous	constituents.		
v. Will any hazardous wastes be disposed at an existing	g offsite hazardous waste faci	lity?	□Yes□No	
If Yes: provide name and location of facility:				
If No: describe proposed management of any hazardous	wastes which will not be sent	to a hazardous waste facilit	v:	
E. Site and Setting of Proposed Action				
E.1. Land uses on and surrounding the project site				
a. Existing land uses.				
i. Check all uses that occur on, adjoining and near the ☐ Urban ☐ Industrial ☐ Commercial ☐ Resid		1 (f)		
Forest Agriculture Aquatic Other				
ii. If mix of uses, generally describe:	(specify). ONO LINE AND SOI	DOTATION		
b. Land uses and covertypes on the project site.

Describe:	0	0	0	

c. Is the project site presently used by members of the community for public recreation? i. If Yes: explain:	□Yes☑No
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? If Yes, i. Identify Facilities:	∐Yes ∏ No
e. Does the project site contain an existing dam? If Yes: i. Dimensions of the dam and impoundment:	□Yes Z No
• Dam height: feet	
• Dam length: feet	
• Surface area: acres	
Volume impounded: gallons OR acre-feet	
ii. Dam's existing hazard classification:	
iii. Provide date and summarize results of last inspection:	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facil If Yes:	☐Yes Z No
i. Has the facility been formally closed?	☐Yes☐ No
If yes, cite sources/documentation:	
<i>ii.</i> Describe the location of the project site relative to the boundaries of the solid waste management facility:	
iii. Describe any development constraints due to the prior solid waste activities:	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? If Yes:	□Yes□No
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurre	ed:
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes:	☐Yes Z No
<i>i.</i> Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:	□Yes□No
Yes – Spills Incidents database Provide DEC ID number(s):	
☐ Yes – Environmental Site Remediation database Provide DEC ID number(s): Neither database	
ii. If site has been subject of RCRA corrective activities, describe control measures:	
iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? If yes, provide DEC ID number(s): ⁷³⁴⁰⁵⁰	✓ Yes□No
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):	

v. Is the project site subject to an institutional control	• 1 1 1	☐Yes☑No
If yes, DEC site ID number:		
Describe the type of institutional control (e.g.)	., deed restriction or easement):	
Describe any use limitations: Describe any engineering controls:		
 Will the project affect the institutional or eng 	ineering controls in place?	☐Yes☐No
• Explain:		105110
1		
E.2. Natural Resources On or Near Project Site		
a. What is the average depth to bedrock on the project	site? <u>Estimated ~0-15</u> feet	
b. Are there bedrock outcroppings on the project site?		☐ Yes Z No
If Yes, what proportion of the site is comprised of bed	rock outcroppings?%	
c. Predominant soil type(s) present on project site:	Aurora Silt Loam 20.7	0/0
e. Treadminum son type(b) present on project site.	Honeoy Silt Loam 72.4	
	Honeoye and Lansing soils 3.8	%
d. What is the average depth to the water table on the p	project site? Average:~1.5-7 feet	
e. Drainage status of project site soils: Well Drained	d: 80 % of site	
Moderately V		
☐ Poorly Drain	ned% of site	
f. Approximate proportion of proposed action site with	n slopes: 7 0-10%: 60 % of site	
	$\boxed{20}$ % of site	
	\square 15% or greater:20_% of site	
g. Are there any unique geologic features on the project		☐ Yes Z No
If Yes, describe:		
h. Surface water features.i. Does any portion of the project site contain wetland	ds or other waterhodies (including streams, rivers	□Yes √ No
ponds or lakes)?	is of other wateroodies (morating streams, rivers,	1 65 7 1 10
ii. Do any wetlands or other waterbodies adjoin the pr	oject site?	☐Yes ☑ No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.		
<i>iii.</i> Are any of the wetlands or waterbodies within or a state or local agency?	djoining the project site regulated by any federal,	☐ Yes Z No
	dy on the project site, provide the following information:	
	Classification	
 Lakes or Ponds: Name 	Classification	
• Wetlands: Name	Approximate Size	
Wetland No. (if regulated by DEC)		
v. Are any of the above water bodies listed in the mos waterbodies?	t recent compilation of NYS water quality-impaired	□Yes ☑ No
If yes, name of impaired water body/bodies and basis to	for listing as impaired:	
if yes, name of impanea water coay, coales and casis i	or noting as impaired.	
i. Is the project site in a designated Floodway?		□Yes Z No
j. Is the project site in the 100-year Floodplain?		∐Yes Z No
k. Is the project site in the 500-year Floodplain?		∐Yes Z No
l. Is the project site located over, or immediately adjoints.	ning, a primary, principal or sole source aquifer?	□Yes ☑ No
If Yes: i. Name of aquifer:		

m. Identify the predominant wildlife species that occupy or use the project site:	
n. Does the project site contain a designated significant natural community? If Yes: i. Describe the habitat/community (composition, function, and basis for designation):	∏Yes ∏ No
 ii. Source(s) of description or evaluation: iii. Extent of community/habitat: Currently: Following completion of project as proposed: Gain or loss (indicate + or -): 	
 o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened specific species and listing (endangered or threatened): i. Species and listing (endangered or threatened): 	☐ Yes ☑ No ies?
 p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern? If Yes: i. Species and listing: 	□Yes ☑ No
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? If yes, give a brief description of how the proposed action may affect that use:	∐Yes Z No
E.3. Designated Public Resources On or Near Project Site	
a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? If Yes, provide county plus district name/number:	∐Yes☑No
b. Are agricultural lands consisting of highly productive soils present? i. If Yes: acreage(s) on project site? ~33 Acres on full property ii. Source(s) of soil rating(s): Web Soil Survey	Z Yes □No
c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? If Yes: i. Nature of the natural landmark:	∐Yes ∏ No
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? If Yes: i. CEA name: ii. Basis for designation: iii. Designating agency and date:	□Yes ☑ No

e. Does the project site contain, or is it substantially contiguous to, a bu which is listed on the National or State Register of Historic Places, or Office of Parks, Recreation and Historic Preservation to be eligible for	that has been determined by the Commissio	
If Yes:		
i. Nature of historic/archaeological resource: ☐ Archaeological Site ii. Name:	☐Historic Building or District	
iii. Brief description of attributes on which listing is based:		
f. Is the project site, or any portion of it, located in or adjacent to an are archaeological sites on the NY State Historic Preservation Office (SH		Z Yes □No
g. Have additional archaeological or historic site(s) or resources been id If Yes:	entified on the project site?	□Yes ☑ No
i. Describe possible resource(s):		
ii. Basis for identification:		
h. Is the project site within fives miles of any officially designated and pacenic or aesthetic resource?	publicly accessible federal, state, or local	□Yes ☑ No
If Yes:		
i. Identify resource:ii. Nature of, or basis for, designation (e.g., established highway overlow)	ook, state or local park, state historic trail or	scenic byway.
	<u>-</u>	
	niles.	
i. Is the project site located within a designated river corridor under the	e Wild, Scenic and Recreational Rivers	☐ Yes Z No
Program 6 NYCRR 666? If Yes:		
i. Identify the name of the river and its designation:		
ii. Is the activity consistent with development restrictions contained in	6NYCRR Part 666?	∐Yes ∐No
F. Additional Information Attach any additional information which may be needed to clarify you	ır project.	
If you have identified any adverse impacts which could be associated measures which you propose to avoid or minimize them.	with your proposal, please describe those imp	pacts plus any
G. Verification I certify that the information provided is true to the best of my knowled	edge.

Full Environmental Assessment Form Part 2 - Identification of Potential Project Impacts

	Agency Use Only [If applicable]
Project:	CZENERGY
Date :	

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

	projecti		
1. Impact on Land Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) If "Yes", answer questions a - j. If "No", move on to Section 2.	□NO) \[\bigz \]	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	Ø	
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	Ø	
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	Ø	
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	Ø	
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	Ø	
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	Ø	
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i	Ø	
h. Other impacts:			

2. Impact on Geological Features The proposed action may result in the modification or destruction of, or inhib access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) If "Yes", answer questions a - c. If "No", move on to Section 3.	it ∠ NO) [YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached:	E2g		
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature:	E3c	0	0
c. Other impacts:			П
3. Impacts on Surface Water The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) If "Yes", answer questions a - l. If "No", move on to Section 4.	✓no) 🗆	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h		D
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b		0
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a	0	
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	0	
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h	0	
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c		
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d		0
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e		
 The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action. 	E2h		О
 j. The proposed action may involve the application of pesticides or herbicides in or around any water body. 	D2q, E2h	О	0
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d		

1. Other impacts:			0
The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquifer. (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t) If "Yes", answer questions a - h. If "No", move on to Section 5.			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c	0	
 b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source:	D2c	0	О
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c		
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l		
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h		0
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	0	
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c	О	П
h. Other impacts:		О	
5. Impact on Flooding The proposed action may result in development on lands subject to flooding. (See Part 1. E.2) If "Yes", answer questions a - g. If "No", move on to Section 6.	∠ NO		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i	О	
b. The proposed action may result in development within a 100 year floodplain.	E2j	0	О
c. The proposed action may result in development within a 500 year floodplain.	E2k	О	
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	О	0
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	0	D
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or ungrade?	E1e		

g.	Other impacts:		П	П
6.	1			XIDO.
	The proposed action may include a state regulated air emission source. (See Part 1. D.2.f., D.2.h, D.2.g) If "Yes", answer questions a - f. If "No", move on to Section 7.	✓NC	, L	YES
		Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a.	If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels: i. More than 1000 tons/year of carbon dioxide (CO ₂) ii. More than 3.5 tons/year of nitrous oxide (N ₂ O) iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs) iv. More than .045 tons/year of sulfur hexafluoride (SF ₆) v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions vi. 43 tons/year or more of methane	D2g D2g D2g D2g D2g D2g		
	The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g	D	
	The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g		
	The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g		
	The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s	O	0
f. C	Other impacts:		0	
7.	Impact on Plants and Animals The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. If "Yes", answer questions a - j. If "No", move on to Section 8.	mq.)	□NO	✓ YES
		Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
	The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o	Ø	
	The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o	Ø	
	The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	Ø	
	The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or	E2p	Ø	

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	Ø	
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source:	E2n	Ø	
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	Ø	
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source:	Elb	Ø	
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q	Ø	
j. Other impacts;			
		K.	
8. Impact on Agricultural Resources The proposed action may impact agricultural resources. (See Part 1. E.3.a. a If "Yes", answer questions a - h. If "No", move on to Section 9.	and b.)	□NO	✓ YES
	Relevant	No, or	Moderate
	Part I Question(s)	small impact may occur	to large impact may occur

10. Impact on Historic and Archeological Resources The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) If "Yes", answer questions a - e. If "No", go to Section 11.	√ N0) [YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.	E3e		0
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f		а
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source:	E3g		

d. Other impacts:		0	
If any of the above (a-d) are answered "Moderate to large impact may e. occur", continue with the following questions to help support conclusions in Part 3:	.0		
The proposed action may result in the destruction or alteration of all or part of the site or property.	E3e, E3g, E3f		
ii. The proposed action may result in the alteration of the property's setting or integrity.	E3e, E3f, E3g, E1a, E1b	0	
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3		
11. Impact on Open Space and Recreation The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1. C.2.c, E.1.c., E.2.q.) If "Yes", answer questions a - e. If "No", go to Section 12.	✓ N0	0 [YES
J	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p		0
b. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q	П	
c. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c E1c, E2q	0	
d. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c		
e. Other impacts:		О	
12. Impact on Critical Environmental Areas The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) If "Yes", answer questions a - c. If "No", go to Section 13.	✓ NO) <u></u>	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.	E3d	а	0
b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.	E3d	0 .	0
c. Other impacts:		О	О

The proposed action may result in a change to existing transportation systems (See Part 1. D.2.j) If "Yes", answer questions a - f. If "No", go to Section 14.	s. V	0	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Projected traffic increase may exceed capacity of existing road network.	D2j		
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j		ο.
c. The proposed action will degrade existing transit access.	D2j		0
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j	0	
e. The proposed action may alter the present pattern of movement of people or goods.	D2j		
f. Other impacts:			
14. Impact on Energy The proposed action may cause an increase in the use of any form of energy. (See Part 1. D.2.k) If "Yes", answer questions a - e. If "No", go to Section 15.	□ N	0 🗸	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k	Ø	
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k	Ø	
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k	Z	
d. The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed.	Dlg	Ø	
e. Other Impacts:			
15. Impact on Noise, Odor, and Light The proposed action may result in an increase in noise, odors, or outdoor light (See Part 1. D.2.m., n., and o.) If "Yes", answer questions a - f. If "No", go to Section 16.	ting. NC) [YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
 a. The proposed action may produce sound above noise levels established by local regulation. 	D2m	Ø	
b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home.	D2m, E1d	Ø	
c. The proposed action may result in routine odors for more than one hour per day.	D2o	Ø	

d. The proposed action may result in light shining onto adjoining properties.	D2n	Ø	
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, E1a	Ø	
f. Other impacts:			
16. Impact on Human Health The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. and h.) If "Yes", answer questions a - m. If "No", go to Section 17.			
	Relevant Part I Question(s)	No,or small impact may cccur	Moderate to large impact may occur
a. The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	E1d	0	0
b. The site of the proposed action is currently undergoing remediation.	Elg, Elh	О	
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	Elg, Elh	а	
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	E1g, E1h	а	а
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	Elg, Elh	О	
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t		
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f		
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f		
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s		
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	E1f, E1g E1h		
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	Elf, Elg	О	
1. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r	0	О
m. Other impacts;			

17. Consistency with Community Plans			
The proposed action is not consistent with adopted land use plans. (See Part 1. C.1, C.2. and C.3.)	□NO Y YES		YES
If "Yes", answer questions a - h. If "No", go to Section 18.			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action's land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b	Z	
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2	Ø	
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3		
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2	Ø	
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, Elb	Ø	
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j	Ø	
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a	Ø	
h. Other:			
18. Consistency with Community Character The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) If "Yes", answer questions a - g. If "No", proceed to Part 3.	□NO	√ \	/ES

Full Environmental Assessment Form Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Determination of Significance - Type 1 and Unlisted Actions	
SEQR Status: Unlisted	
dentify portions of EAF completed for this Project: Part 1 Part 2 Part 3	
	FEAF 2019

Upon review of the information recorded on this EAF, as noted, plus this additional support information	
and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the Town of Lafayette Planning Board agency that:	
A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.	
B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:	
There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).	
C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce the impacts. Accordingly, this positive declaration is issued.	nose

Robert M. Petrovich, Director Onondaga County Office of Economic Development 333 W. Washington Street, Suite 130 Syracuse, New York 13202

Re: C2 NY Sentinel Heights

Dear Director Petrovich:

I am writing on behalf of the LaFayette Central School District. Is our understanding that C2 Energy Capital, LLC has proposed to construct a 3.375-megawatts AC solar project on Sentinel Heights Road in the Town of LaFayette (Tax Parcel Nos. 025.-03-05.1 and 025.-03-05.2).

As we understand it, the project is being constructed pursuant to New York State's Community Solar initiative. This project will generate clean renewable energy for local residents, and those residents who choose to subscribe to the project will see a reduction in their energy bills due to this project.

It is also the District's understanding that the Company has sought to enter into a payment in lieu of tax agreement with the Onondaga County IDA under which the Company will pay \$4,000/megawatt each year for 25 years. The School District will receive a pro rata share of such payment based on the real property tax burden.

I am writing to advise that the LaFayette Central School District supports the proposed project based on the terms and information provided to the District.

Please contact me if you require any additional information.

Sincerely, Juny J. Belfild

Jeremy L. Belfield Superintendent of Schools

Mission: At LaFayette, we put students first. Our mission is to educate, honor, and develop students to have self-respect, a commitment to the community, and a passion for excellence.

Vision: Inspire, empower, and prepare all students to achieve excellence.

Re: C2 Energy Development

Dear Mrs. Lowery,

The Town Board of LaFayette, NY recognizes and approves of the planned solar farm to be located on Sentinel Heights, one mile south of Bull Hill Road and east of Tennessee Gas Pipeline.

Tax Map#: 025.-03.05.1

This project has met all processes as defined by Public Law in the Town of LaFayette and has been approved by the Planning Board and the Zoning Board of Appeals.

Please advise me of any further assistance that you may require in this matter.

Sincerely,

Bill McConnell

Supervisor
