### Section V: Local Access Policy Agreement

In absence of a waiver permitting otherwise, every project seeking the assistance of the Onondaga County Industrial Development Agency (Agency) must use local general contractors, subcontractors, and labor for one-hundred percent (100%) of the construction of new, expanded, or renovated facilities. The project's construction or project manager need not be a local company.

Noncompliance may result in the revocation and/or recapture of all benefits extended to the project by the Agency. Local Labor is defined as laborers permanently residing in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins, and Wayne. Local (General/Sub) Contractor is defined as a contractor operating a permanent office in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins and Wayne. The Agency may determine on a case-by-case basis to waive the Local Access Policy for a project or for a portion of a project where consideration of warranty issues, necessity of specialized skills, significant cost differentials between local and non-local services or other compelling circumstances exist. The procedure to address a local labor waiver can be found in the OCIDA handbook, which is available upon request.

Prior to issuance of any NYS Tax & Finance ST-60 forms, the Applicant must submit a Contractor Status Report to the Agency.

In consideration of the extension of financial assistance by the Agency GSPP Sentinel Heights, LLC (the Company) understands the Local Access Policy and agrees to complete Appendix C of the Agency's application at the time of the application to the Agency and as part of a request to extend the valid date of the Agency's tax-exempt certificate for the Project. The Company understands that an Agency tax-exempt certificate is typically valid for 12 months from the effective date of the project inducement and extended thereafter upon request by the Company. The Company further understands that any request for a waiver to this policy must be submitted in writing and approved by the Agency.

#### Section VII: Recapture of Tax Abatement/Exemptions

Information to be Provided by Companies: Each Company agrees that to receive benefits from the Agency it must, whenever requested by the Agency or required under applicable statutes or project documents, provide and certify or cause to be provided and certified such information concerning the Company, its finances, its employees and other topics which shall, from time to time, be necessary or appropriate, including but not limited to, such information as to enable the Agency to make any reports required by law or governmental regulation.

**Recapture of Benefits:** It is the policy of the Agency to recapture the value of a PILOT, any sales and use tax exemption, and mortgage recording tax exemption in accordance with the Laws of the State and the provisions contained herein. Before receiving benefits, the Company must attest in writing to its understanding of, and agreement to, the recapture provisions contained in State Law and herein. To the extent permitted by State law, the recapture provisions contained herein may be modified from time to time by the Agency at its sole discretion.

Recapture of a PILOT, Sales Tax and the Mortgage Recording Tax Exemptions: If the number of full time equivalent jobs to be maintained or created in connection with a project falls below 75% of the number projected in the Company's application to the Agency, or if there are material violations of the project agreements, then the value of the property tax, sales and use tax and mortgage recording tax benefits extended to the project by the Agency may be subject to recapture. When deciding whether or not to recapture benefits and the amount of such recapture, the Agency may consider the potential future benefit of the business to the community.

**Recapture Payment:** The recapture payment paid by the Company to the Agency shall be determined (1) by the difference between any PILOT payments made by the Company and the property taxes that would have been paid by the Company if the property were not under the supervision, jurisdiction or control of the Agency, (2) the value of any mortgage recording tax exemption, if awarded to the Company and (3) the amount of sales and use tax that would have been paid if an exemption was not granted.

**Recapture of the PILOT, Sales Tax or Mortgage Recording Tax:** The Recapture Schedule for a Payment in Lieu of Tax Agreement, Sales Tax or the Mortgage Recording Tax is as follows:

| Time from Project Completion | Tax Savings Recaptured |
|------------------------------|------------------------|
| 1 Year                       | 80%                    |
| 2 Years                      | 60%                    |
| 3 Years                      | 40%                    |
| 4 Years                      | 20%                    |
| 5 Years                      | 10%                    |

<u>Distribution of the Recapture Payment:</u> Any funds recaptured as a result of the recapture payment shall be distributed to the affected taxing jurisdictions in the same proportion as if the payments were paid or owed by the Company on the date of recapture.

Additional Conditions for the Recapture of Sales and Use Tax: As of April 1, 2013, New York State law requires Industrial Development Agencies to recapture sales tax benefits where:

- A project is not entitled to receive the benefits:
- Exemptions received exceed the amount authorized by the Agency;
- Exemptions are claimed by the Project for unauthorized property or services; or
- A project fails to use property in the manner required by its IDA agreements.
- Distribution of Sales and Use Tax. Project operators must cooperate with the Agency in
  its effort to recapture all sales and use tax benefits received by the Company by promptly
  paying the recapture amount as determined by the Agency. The amount to be recaptured
  will be dictated by State Law or this UTEP Policy, which ever may be applicable. The
  Agency shall remit the recaptured sales and use tax benefits to the State within 30 days of
  receipt.
- 2. <u>Compliance Report.</u> Annually, the Agency will file an annual compliance report with the State of New York detailing its recapture terms and its activities to recapture benefits, including any attempt to recapture benefits from an Agency project.

#### A "Full Time Permanent Employee" shall mean

- 1. A full time, permanent, private sector employee on the Company's payroll, who has worked at the project location for a minimum of thirty hours per week for not less than four consecutive weeks and who is entitled to receive the usual and customary fringe benefits extended by Company to other employees with comparable rank, duties and hours; or
- 2. Up to three part time, permanent, private-sector employees on Company's payroll, who have worked at the project location for a combined minimum of thirty hours per week for not less than four consecutive weeks and who are entitled to receive the usual and customary fringe benefits extended by Company to other employees with comparable rank, duties and hours.

I have read the foregoing and agree to comply with all the terms and conditions contained therein as well as policies of the Onondaga County Industrial Agency.

- A. First Consideration for Employment: In accordance with §858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, where practicable, the Applicant will first consider persons eligible to participate in WIA programs who shall be referred by the CNY Works for new employment opportunities created as a result of the Project.
- **B.** Other NYS Facilities: In accordance with §862 (1) of the New York General Municipal Law, the Applicant understands and agrees that projects which will result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant within the state is ineligible for Agency Financial Assistance, unless otherwise approved by the Agency as reasonably necessary to preserve the competitive position of the project in its respective industry or is reasonably necessary.
- C. Annual Sales Tax Filings: In accordance with §874(8) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors retained by the Applicant.
- **D. Outstanding Bonds:** The Applicant understands and agrees to provide on an annual basis any information regarding bonds, if any, issued by the Agency for the project that is requested by the Comptroller of the State of New York.
- E. Employment Reports: The Applicant understands and agrees that, if the Project receives any financial assistance from the Agency, the Applicant agrees to file with the Agency, at least annually or as otherwise required by the Agency, reports regarding the number of people employed at the project site, salary levels, contractor utilization and such other information (collectively, "Employment Reports") that may be required from time to time on such appropriate forms as designated by the Agency. Failure to provide Employment Reports within 30 days of an Agency request shall be an Event of Default under the PILOT Agreement between the Agency and Applicant and, if applicable, an Event of Default under the Agency and Applicant. In addition, a Notice of Failure to provide the Agency with an Employment Report may be reported to Agency board members, with said report being an agenda item subject to the open

meetings law.

- **F.** Absence of Conflicts of Interest: The Applicant has received from the Agency a list of the members, officers and employees of the Agency. No member, officer or employee of the Agency has an interest, whether direct or indirect in any transaction contemplated by this Application, except as hereinafter described in Section X.
- **G.** Compliance: The Applicant understands and agrees that it is in substantial compliance with applicable local, state, and federal tax, worker protection, and environmental laws, rules, and regulations.
- **H.** The Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if financial assistance is provided for the proposed Project:
- § 862. Restrictions on funds of the Agency. (1) No funds of the Agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.
  - I. The Applicant confirms and acknowledges that the owner, occupant or operator receiving financial assistance for the proposed Project is in substantial compliance with applicable local, state, and federal tax, worker protection and environmental laws, rules and regulations.
  - **J.** The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any financial assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency's involvement in the Project.
  - **K.** The Applicant confirms and hereby acknowledges that as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18-A of the New York General Municipal Law, including, but not limited to, the provision of Section 859-a and Section 862(1) of the New York General Municipal Law.
  - L. The Applicant and the individual executing this Application on behalf of Applicant acknowledge that the Agency and its counsel will rely on the representations and covenants made in this Application when acting hereon and hereby represents that the statements made herein do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statement contained herein not misleading.

- **M.** The OCIDA has the right to request and inspect supporting documentation regarding attestations made on this application.
- N. Hold Harmless Agreement: Applicant hereby releases Onondaga County Industrial Development Agency and the members, officers, servants, agents and employees thereof (the "Agency") from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by: (A) the Agency's examination and processing of, and action pursuant to or upon, the attached Application, regardless of whether or not the Application or the Project described therein or the tax-exemptions and other assistance requested therein are favorably acted upon by the Agency; (B) the Agency's acquisition, construction, and/or installation of the Project described therein and (C) any further action taken by the Agency with respect to the Project, including without limiting the generality of the foregoing, all cause of action and attorney's fees and any other expenses incurred in defending any suits or action which may arise as a result of any of the foregoing. If, for any reason, the Applicant fails to conclude or consummate necessary negotiations, or fails, within a reasonable or specified period of time, to take reasonable, proper or requested action, or withdraws, abandons, cancels or neglects the Application, or if the Agency or the Applicant are unable to reach final agreement with respect to the Project, then, and in the event, upon presentation of an invoice itemizing the same, the Applicant shall pay to the Agency, its agents or assigns, all costs incurred by the Agency in the process of the Application, including attorney's fees, if any.

#### Section I

#### G) Description of your company's background, products, customers, goods and services

Green Street Power Partners ("GSPP") is a national developer, financier, owner and operator of solar energy systems for businesses, schools, nonprofits and municipalities expanding across the country. Our versatile team specializes in creatively structuring short- and long-term debt financing for solar assets, balancing the benefits to sponsor equity and tax equity investors with realized value for our clients.

# H) Percentage of total annual supplies, raw materials, and vendor services purchased from firms in Onondaga County.

GSPP Sentinel Heights, LLC does not currently have suppliers, or vendors from firms in Onondaga County associated with this project. While the majority of manufacturers of solar pv technologies are not within Onondaga County, GSPP Sentinel Heights, LLC will work to incorporate local entities.

#### Section II,

#### C) Summary of how this project will help your business grow.

Green Street Power Partners has been a developer, financier, owner and operator of solar energy systems for businesses, schools, nonprofits and municipalities expanding for several years and in a number of different jurisdictions. The Project described in this application is one of several new projects in the State of New York being undertaken by GSPP as its initial entry into the marketplace. GSPP believes solar development to be a socially conscious business opportunity and further believes that with the commitment of the State of New York to renewable energy, an expanding opportunity exists to enhance and grow GSPP's business while providing a well-documented service to the local communities through the reduction of green-house gases as well as lower utility bills.

#### D) Description of Project

GSPP Sentinel Heights, LLC intends to construct an approximately three thousand five hundred (3,500) kilowatt AC solar facility (the "Solar Farm") at its sole cost and expense. The Solar Farm shall consist of racking and foundations; inverters and transformers; necessary electrical interconnections and all improvements and connections required to transfer and deliver generation offsite, including three (3) phase extensions and power box(es); security fencing and gating; safety signage and solar photo voltaic ("PV") panels.

The solar facility will be situated on approximately 18 acres of private land, which will be a leased portion by GSPP Sentinel Heights, LLC, of on an approximate 94 acre area, owned by Micki Reed Trust.

#### H) Compelling Circumstances

The State of New York has repeatedly communicated its desire to meet significant renewable energy goals over the next two decades and each completed solar project that feeds the energy into the grid is essential to achieving these milestones. In addition, through New York States (NYS) Value of Distributive Energy Resources (VDER) program, distributed energy is compensated based on when and where they provide electricity to the grid. That energy can then be shared with utility customers in the same utility service area, through NYS community shared solar program, saving local residents and small businesses significant money on their utility bills. Finally, each solar project requires interconnection to the utility grid and this process not only improves the infrastructure of the aging grid, benefitting everyone in the area, but also requires electricians and contractors to implement enhancing job creation.

#### Section III,

Part C and D Employment Information

GSPP will hire 3<sup>rd</sup> party contractors, preferably from the local area, to perform annual maintenance and inspection for the solar array. This will include work to maintain the array, location, and grounds with an estimation of 300 hours for each (totaling an estimated 900 hours annually) which GSPP intends to hire individuals at the current market rates. This project, together with other projects in the area and throughout Onondaga County will support several jobs in the community, jobs which will be required to be filled for the life of the projects (25-35 years)

Re: IDA Application Update for GSPP Sentinel Heights Road, LLC

Dear Mr. Nate Stevens,

On September 15<sup>th</sup>, 2020, the Onondaga County Industrial Development Agency convened a public session meeting to authorize the development and construction of a solar facility located on a parcel of real property located at 3356 Sentinel Heights Road in the town of Lafayette, County of Onondaga State of New York. We are providing this letter to you for an update to certain project information that have changed since the time of the original IDA application, please see the below bullet points:

#### 1. Project Ownership:

The legal name of the project company or special purpose entity ("SPE") is GSPP Sentinel Heights Road, LLC, a New York limited liability company. The Federal ID # for GSPP Sentinel Heights Road, LLC is 85-0545439. The address is 1 Landmark Square, Suite 320, Stamford, CT 06901. Scott Kerner, Manager, is the Contact Name and Title, his email address is <a href="mailto:scott@gspp.com">scott@gspp.com</a> and his phone number is (646) 303-5215. The project company was managed by its sole member GSPP Omni Holdco, LLC when the original application was filled out. Since then, 100% of the membership interest has been transferred to GSPP Holdco II, LLC.

#### 2. Project Size:

The total size of the project has decreased from 3,750.00 kW AC to 3,500.00 kW AC.

#### 3. <u>Job Creation</u>:

This project will provide ~10-20 local jobs during the construction period; once the system is fully built, GSPP does not expect the project to need full-time employees and will have a contract in place with an O&M provider to perform maintenance on the system as applicable.
