

**ONONDAGA COUNTY INDUSTRIAL DEVELOPMENT AGENCY
APPLICATION FOR FINANCIAL ASSISTANCE**

1. Fill in all blanks using “none”, “not applicable” or “not available”. If you have any questions about the way to respond, please call the Onondaga County Industrial Development Agency (the “Agency” or “OCIDA”) at 315-435-3770.
2. In accordance with Section 224-a(8)(d) of Article 8 of the New York Labor Law, the Agency has identified that any “financial assistance” (within the meaning of Section 858 of the General Municipal Law) granted by the Agency to the Applicant consisting of sales and use tax exemption benefits, mortgage recording tax exemption benefits and real property tax exemption benefits, constitutes “public funds” within the meaning of Section 224-a(2)(b) of Article 8 of the New York Labor Law and such funds are not excluded under Section 224-a(3) of Article 8 of the New York Labor Law. The Agency hereby notifies the Applicant of the Applicant’s obligations under Section 224-a (8)(a) of Article 8 of the New York Labor Law.
3. If the OCIDA Board approves benefits, it is the company’s responsibility to obtain and submit all necessary forms and documents.
4. All projects approved for benefits by the OCIDA Board will close with the Agency within 6-months of the OCIDA Board approval date. If this schedule cannot be met, the Applicant will need to submit a closing schedule modification written request to the Executive Director that will be presented to OCIDA Board for consideration.
5. The Agency will not give final approval for this Application until the Agency receives a completed NYS Full Environmental Assessment Form concerning the project which is the subject of this Application. The form is available at https://extapps.dec.ny.gov/docs/permits_ej_operations_pdf/feafpart1.pdf
6. Public Officers Law stipulates all records in the possession of the Agency (with certain limited exceptions) are open to public inspection and reproduction. Should the Applicant believe there are project elements which are trade secrets if publicly disclosed or otherwise widely disseminated, would cause substantial injury to the Applicant’s competitive position, the Applicant must identify such elements in writing and request that such elements be kept confidential. In accordance with Article 6 of the Public Officer’s Law, the Agency may also redact personal, private, and/or proprietary information from publicly disseminated documents.
7. A final Application (OCIDA staff reviewed/approved) and associated fees **MUST** be received at least 10 business days prior to the upcoming Board meeting to be placed on the agenda. A signed application may be submitted by mail and/or electronically in PDF format to Alexis Rodriguez at alexisrodriguez@ongov.net.
 - A check payable to the Agency in the amount of \$1,000
 - A check payable to Barclay Damon LLP in the amount of \$2,500

This Application was adopted by the OCIDA Board on February 15, 2024.

Submit completed application to:
Onondaga County Industrial Development Agency

**PLEASE SEE FOLLOWING PAGE FOR OCIDA SOLAR GUIDANCE & BEST PRACTICE*

OCIDA SOLAR PILOTs GUIDANCE AND BEST PRACTICE

To be placed on the Agency meeting agenda, proposed solar projects must provide the Agency with the following in advance of the Project's first OCIDA Board meeting:

1. Fully completed OCIDA application.
2. Copy of Environmental Assessment Form.
3. A SEQR resolution approved by a local municipality indicating the municipality that is lead agency, the type of action (I, II, or unlisted) and, if completed, the SEQR determination made by the municipality.
4. Copies of your zoning applications submitted to the local municipality.
5. Verification of parcel subdivision process with the town (if the entire parcel will not be used for the solar project).
6. A statement clarifying whether the applicant will lease or purchase the real property on which the Project is situated. If leased, provide a copy of the proposed or executed lease. If lease parcel is less than entire parcel then see 5 above.
7. A supporting document from the local town, village, city, and/or school district outlining the agreed upon cost per megawatt to be used as a basis for the PILOT. The Agency cannot create the PILOT schedule without this information.
8. Absent a showing otherwise by the Company, deemed acceptable by the Agency in the sole and absolute discretion, the Company must close with the Agency on a project prior to consideration of any requested organizational structure or project entity ownership changes.

You will receive a draft Cost Benefit Analysis and a Draft PILOT schedule from this office. You may use these documents as your Project progresses through the Agency approval process. Agency staff are available to update these two documents as needed.

SECTION VII: For Housing Projects Only

Please answer all the questions as an addendum to this application:

Defined terms:

“Market Rate Housing”: Housing units priced at the current rental rate for the area.

“Workforce Housing”: Housing consisting of a specified percentage of units (at least 10-15% per the PILOT Exemption Scale) with rent rates designated to an 80% household AMI as identified in the Workforce Housing AMI chart located in Housing Exhibit A on the Agency's website. Income levels for individuals living in the specified Workforce Housing units shall not exceed 120% AMI.

“Senior Lifestyle Communities”: Housing communities for individuals 55 years or older. Communities may offer a variety of amenities, including but not limited to pools, community rooms, fitness centers, playgrounds, firepits, bocce/pickleball/tennis courts, picnic areas, spaces for relaxation and entertainment, safety amenities, on-site medical services, entertainment and dining, walkability, bike trails, and dog parks, playgrounds.

2. Describe how the proposed housing project fulfills an unmet need in the community.
3. Please provide a market study documenting a need for the proposed project.
4. Describe how the proposed project aligns with the Plan Onondaga County comprehensive plan. ([Plan Onondaga](#))
5. Is the Project considered infill in a populated area? If yes, please explain.
6. Is there additional infrastructure necessary to service the project? If yes, please explain.
7. Is the project a part of a larger mixed-use development? If yes, please describe.

Section VIII: Local Access Policy Agreement

In absence of a waiver permitting otherwise, every project seeking the assistance of the Onondaga County Industrial Development Agency (Agency) must use local general contractors, sub-contractors, and labor for one-hundred percent (100%) of the construction of new, expanded, or renovated facilities. The project's construction or project manager need not be a local company.

Noncompliance may result in the revocation and/or recapture of all benefits extended to the project by the Agency. Local Labor is defined as laborers permanently residing in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins, and Wayne. Local (General/Sub) Contractor is defined as a contractor operating a permanent office in the State of New York counties of Cayuga, Cortland, Herkimer, Jefferson, Madison, Oneida, Onondaga, Oswego, Tompkins and Wayne. The Agency may determine on a case-by-case basis to waive the Local Access Policy for a project or for a portion of a project where consideration of warranty issues, necessity of specialized skills, significant cost differentials between local and non-local services or other compelling circumstances exist. The procedure to address a local labor waiver can be found in the OCIDA handbook, which is available upon request.

In consideration of the extension of financial assistance by the Agency _____ (the Company understands the Local Access Policy and agrees to abide by it. The Company understands that an Agency tax-exempt certificate is typically valid for 12 months from the effective date of the project inducement and extended thereafter upon request by the Company. The Company further understands that any request for a waiver to this policy must be submitted in writing and approved by the Agency.

I agree to the conditions of this agreement and certify all information provided regarding the construction and employment activities for the project as of _____ (date).

If there are two applicants (Real Estate Holding and Operating Company) both need to complete this page.

_____ (Name of CEO or other authorized representative of Applicant)(s) confirms and says that he/she is the _____ (title) of _____ (name of corporation or other entity) named in the attached Application (the “Applicant”), that he/she has read the foregoing Application and knows the contents thereof, and hereby represents, understands, and otherwise agrees with the Agency and as follows:

- A. First Consideration for Employment:** In accordance with §858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, where practicable, the Applicant will first consider persons eligible to participate in WIA programs who shall be referred by the CNY Works for new employment opportunities created as a result of the Project.
- B. Annual Sales Tax Filings:** In accordance with §874(8) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors retained by the Applicant. For additional information on NYS sales and use tax see [here](#).
- C. Outstanding Bonds:** The Applicant understands and agrees to provide on an annual basis any information regarding bonds, if any, issued by the Agency for the project that is requested by the Comptroller of the State of New York.
- D. Employment Reports:** The Applicant understands and agrees that, if the Project receives any financial assistance from the Agency, the Applicant agrees to file with the Agency, at least annually or as otherwise required by the Agency, reports regarding the number of people employed at the project site, salary levels, contractor utilization and such other information (collectively, “Employment Reports”) that may be required from time to time on such appropriate forms as designated by the Agency. Failure to provide Employment Reports within 30 days of an Agency request shall be an event of default under the Project closing documents. Please see this page for [ST-340](#) form required in the above referenced employment report.

- E. Housing Reports and Information:** The Applicant understands and agrees that if the Project is a housing project, the Applicant shall file with the Agency, at least annually or as otherwise required by the Agency, reports regarding the number of revenue-generating units constructed or reconstructed and the household income or tenant age, as applicable. Upon request of the Agency, the Applicant shall provide supporting documentation for all housing related information provided. Failure to provide such reports and supporting information shall be an event of default under the Project closing documents
- F. Prevailing Wage:** The Applicant understands and agrees that, if the Project receives any financial assistance from the Agency, the Applicant shall determine whether the Project is a “covered project” pursuant to Section 224-a of Article 8 of the New York Labor Law and, if applicable, the Applicant shall comply with Section 224-a of Article 8 of the New York Labor Law; and the Applicant further covenants that the Applicant shall provide such evidence of the foregoing as requested by the Agency.
- G. Compliance:** The Applicant understands and agrees that it is in substantial compliance with applicable local, state, and federal tax, worker protection, and environmental laws, rules, and regulations. The Applicant confirms and acknowledges that the owner, occupant or operator receiving financial assistance for the proposed Project is in substantial compliance with applicable local, state, and federal tax, worker protection and environmental laws, rules and regulations.
- H.** The Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if financial assistance is provided for the proposed Project:
- § 862. Restrictions on funds of the Agency. (1) No funds of the Agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.
- I.** The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any financial assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency’s involvement in the Project.
- J.** The Applicant confirms and hereby acknowledges that as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18-A of the New York General Municipal Law, including, but not limited to, the provision of Section 859-a and Section 862(1) of the New York General Municipal Law.

The Applicant and the individual executing this Application on behalf of Applicant acknowledge that the Agency and its counsel will rely on the representations and covenants made in this Application when acting hereon and hereby represents that the statements made herein do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statement contained herein not misleading.

K. The Agency has the right to request and inspect supporting documentation regarding attestations made on this application.

L. Hold Harmless Agreement: Applicant hereby releases Onondaga County Industrial Development Agency and the members, officers, servants, agents and employees thereof (the "Agency") from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by: (A) the Agency's examination and processing of, and action pursuant to or upon, the attached Application, regardless of whether or not the Application or the Project described therein or the tax-exemptions and other assistance requested therein are favorably acted upon by the Agency; (B) the Agency's acquisition, construction, reconstruction, equipping and/or installation of the Project described therein and (C) any further action taken by the Agency with respect to the Project, including without limiting the generality of the foregoing, all cause of action and attorney's fees and any other expenses incurred in defending any suits or action which may arise as a result of any of the foregoing. If, for any reason, the Applicant fails to conclude or consummate necessary negotiations, or fails, within a reasonable or specified period of time, to take reasonable, proper or requested action, or withdraws, abandons, cancels or neglects the Application, or if the Agency or the Applicant are unable to reach final agreement with respect to the Project, then, and in the event, upon presentation of an invoice itemizing the same, the Applicant shall pay to the Agency, its agents or assigns, all costs incurred by the Agency in the process of the Application, including attorney's fees, if any.

But For Statement:

But for the financial assistance provided through the OCIDA Payment In Lieu of Taxes (PILOT) program and associated tax abatements, the Cameron Hinsdale mixed-use development would not be financially feasible under current market conditions.

The project faces **significant financial constraints** due to:

1. Banking and Capital Market Challenges:

- Lending institutions have tightened underwriting standards for mixed-use developments, requiring higher equity contributions and offering lower loan-to-value ratios.
- Rising interest rates have increased debt service costs, reducing project cash flow and investor returns.
- Traditional financing sources are reluctant to fund speculative commercial components, especially in secondary markets like Onondaga County.

2. Escalating Construction Costs:

- Since 2020, national construction material costs have surged: **concrete (+15%)**, **lumber (+16%)**, and **steel (+22%)**, with no signs of significant relief.
- Labor shortages and rising insurance premiums further compound development costs, making it difficult to maintain budget and timeline integrity.
- Developers are increasingly forced to consider prefabrication and alternative construction methods to mitigate cost overruns, which may not be viable for all components of this project.

3. Local Economic Development Needs:

- The project will provide much-needed housing and commercial space, supporting job creation and community growth.
- Without OCIDA support, the financial gap created by high costs and constrained financing would prevent the project from moving forward, resulting in lost economic opportunity for the region.

Conclusion:

The PILOT agreement and associated OCIDA incentives are essential to bridge the financial gap and enable Cameron Hinsdale, LLC to proceed with this high-impact development. These benefits will allow the project to attract necessary capital, manage construction risks, and deliver long-term value to Onondaga County.

General Statement on Cameron Group, LLC's Development Capabilities

Cameron Group, LLC has demonstrated a strong capacity to successfully develop, construct, and maintain mixed-use projects, as evidenced by the thriving Township 5 development in Camillus, New York. As the only "Live, Work, Shop, Stay and Play" center in Central New York, Township 5 spans over 500,000 square feet and includes a dynamic mix of retail, residential, office, hospitality, and entertainment spaces. Anchored by major national tenants such as Costco and Movie Tavern, and complemented by a wide range of restaurants, medical offices, and residential units, the project showcases Cameron Group's ability to create vibrant, sustainable communities.

Cameron, Through Hinsdale Road Group, LLC (HRG) on January 29, 2014 entered into a PILOT Agreement with OCIDA for the development of critical infrastructure related to the Project Township 5, Township Boulevard, Camillus, NY 13031. HRG completed infrastructure work in excess of \$7,000,000 including but not limited to a new town road, a new public pump station and extension of the sewer line for Hinsdale Road, Offsite roadwork, signalization, multiple intersection improvements, and relocation of National Grid Utilities. HRG Received sales tax exemption, mortgage tax exemption and PILOT reimbursement from the 2014 PILOT Agreement.

Project Narrative

Church Street Station is a mixed-use project to be developed on 4 parcels of land currently owned or under contract. The main parcel +/-20 acres is currently owned by Christ Community Church of The Nazarene. Cameron Group, LLC has a signed Purchase and Sale Agreement with Christ Community, dated May 29, 2025. The closing date will be upon completion of subdivision; zone change to PUD and site plan approval.

The Project will be developed in alignment with the Town of Camillus's Comprehensive Plan, which serves as the official policy guiding land use and development within the community. The project will support the goals by promoting smart growth principles, enhancing mixed-use opportunities, and fostering a walkable, vibrant environment adjacent to the successful Township 5 development. The integration of residential and commercial uses will contribute to the diversification of land use, improve access to services, and support economic vitality in the area. The project will be developed on approximately 21.68 acres of underutilized land with convenient access to State Rt 5. It will consist of up to 18 apartment buildings ranging in size from 6,500 sf to 8,500 sf. Church Street Station will accommodate 10% workforce housing. The commercial portion of the project will have 4 to 6 buildings ranging in size from 3,500 sf to 20,000 sf. The project will create approximately 25 FTE jobs once open and approximately 100 construction jobs. The retail portion of the project will be less than 1/3 of the project and cost less than 20% of the total construction budget.

Housing Needs Analysis

The Church Street Station mixed-use development, proposed for Hinsdale Road in the Town of Camillus, represents a timely and strategic response to the evolving housing and economic needs of Onondaga County. Located directly across from Township 5, defined as an Emerging Center in Plan Onondaga, this project is ideally positioned to complement existing commercial and residential infrastructure while addressing critical gaps identified in the county's comprehensive planning documents.

According to the Plan Onondaga and the Housing Onondaga June 2024 Report, Onondaga County is projected to experience significant household growth—over 7,000 new households in Syracuse and nearly 17,000 across the rest of the county by 2040. This growth is driven in part by major economic developments such as the Micron Technologies.

The Housing Onondaga analysis highlights a mismatch between the county's existing housing stock and the needs of future households. Traditional single-family homes are no longer sufficient to meet the demands of smaller, aging, and increasingly renter-oriented households. The report calls for a shift toward more diverse housing types, including smaller units and rental options, particularly in suburban areas like Camillus.

Church Street Station directly aligns these recommendations by offering a mix of residential, retail, and office space that supports both economic development and housing diversity. The inclusion of rental housing options will help meet the needs of young professionals, retirees, and small households - groups that are growing in number and underserved by current housing stock.

Moreover, the project is expected to generate substantial employment opportunities and will contribute to infrastructure improvements including road upgrades and utility enhancements. These benefits, combined with the project's strategic location and alignment with county planning goals, make Church Street Station a compelling candidate for OCIDA support through PILOT agreements, tax exemptions, and other incentives.

SUBREGIONAL MARKETS

OUTER RING WEST

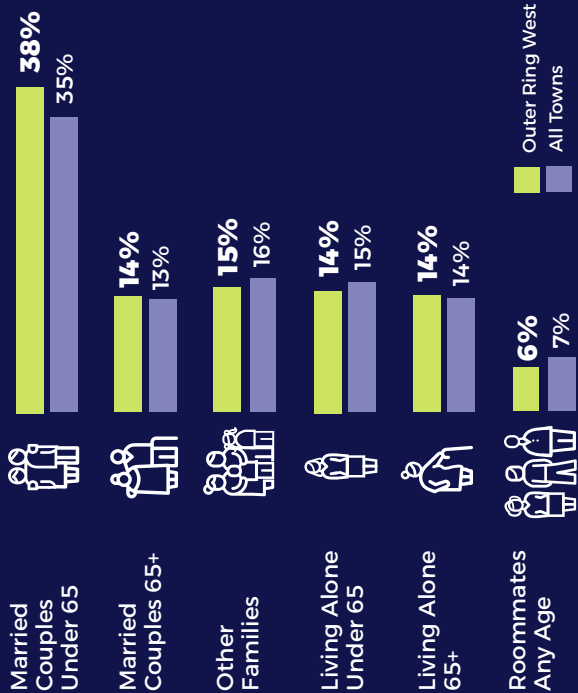

Includes the towns of Camillus and Onondaga, and the Village of Camillus. Its households generally match those of the entirety of non-Syracuse Onondaga County, though it has a somewhat larger proportion of non-elderly married couple families. Total household growth 2000 to 2020 was 13.7%, exceeding the all towns rate of about 12%. The sub-region's homeownership rate has consistently exceeded the all towns rate, and was 78.3% in 2020, four percentage points higher than the all towns rate of 74.3%.

Outer Ring West's average single-family sale price was nearly the same as the all towns average price from 2013 to 2019, but fell behind starting in 2020. It increased its number of renter households by about 500 between 2000 and 2020, and built 500 new multifamily units.

Outer Ring West had nearly 1,500 cost burdened renters with incomes under \$50,000 struggling with affordability as of 2022.

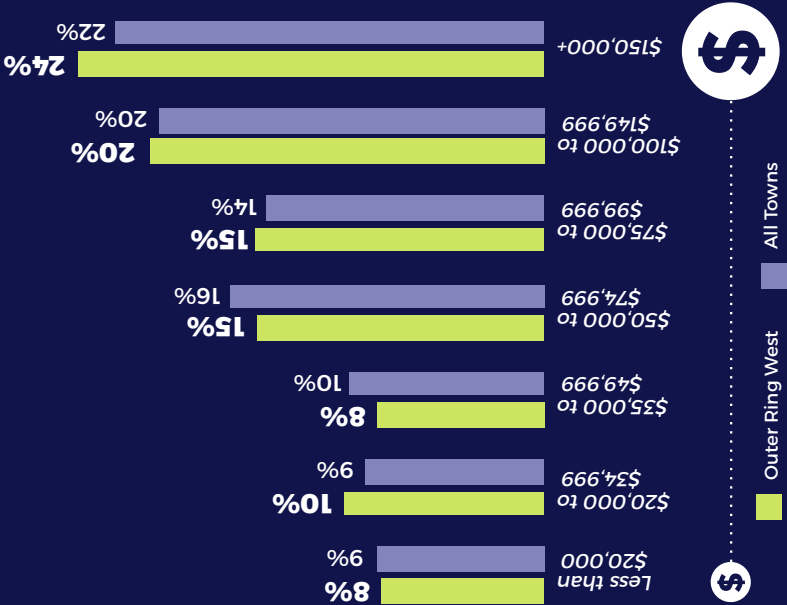

The number of elderly households increased by over 28% from 2000 to 2020, and the number of senior households exiting the ownership market is projected to increase from an average of about 195 per year in the 2010s, to about 200 per year in the 2020s, and 270 per year in the 2030s.

Planning for Strong Centers

Plan Onondaga seeks to foster investment in existing and new multi-modal centers throughout Onondaga County. Existing and emerging centers have been identified based on their ability to support additional growth, access to water and/or sewer infrastructure, and potential to be located adjacent to transportation infrastructure including enhanced bus service, bicycle lanes, and pedestrian sidewalk and trail networks.

Traditional Center

Traditional Centers represent villages, hamlets, and city neighborhoods that exhibit a longstanding mixture of uses, infrastructure for walkability, parks, schools, and other quality of life amenities. These areas require ongoing investments in infrastructure and amenities to maintain their vibrancy and character.

Emerging Center

Emerging Centers are located along existing commercial corridors where there are opportunities for improving walkability, incorporating mixed-use development, and connecting to transit service. These areas will accommodate new growth and development with a mixture of housing options.

Planning Elements

	Transit Corridor		Greenway
	Cycle Corridor		Agriculture
	Traditional Center		Blueway
	Emerging Center	Primary Land Use	
	Town Growth Center		Commercial
	City Center		Residential
	Employment Center		Airport

Town Growth Center

Town Growth Centers represent opportunities for the establishment of new mixed-use districts at a neighborhood scale complete with bicycle, pedestrian, and transit facilities. These investment zones will accommodate regional services, offices, dwelling units, park space, entertainment, and restaurants, and will provide integrated mobility access with designated transit hubs that accommodate multiple modes. These areas are intended to respond to future growth pressures with a variety of housing types.

City Center

City Center represents Downtown Syracuse and surrounding neighborhood areas that consist of multi-story mixed-use buildings, arts and cultural institutions, government buildings, colleges and universities, complete bicycle and pedestrian networks and infrastructure, parks, and transit facilities. Downtown Syracuse is the heart of Onondaga County and requires ongoing investments in infrastructure and amenities to maintain its vibrancy.

Employment Center

Employment Centers are unique districts of significant economic activity including traditional and high-tech manufacturing, research and development, warehousing and distribution, logistics, offices, and support services. These areas typically do not include housing, but are accessible by transit. They are connected to the broader mobility system of roads, bicycle infrastructure, and trails. They also require significant ongoing infrastructure investments to provide adequate water, wastewater, power, and telecommunications to support business activities and therefore their siting is important.

How is Outer Ring West positioned for the future?

WITH MICRON

If demand continues to grow in the county, Outer Ring West is well positioned to capture a share of the growth. Overbuilding of typical single-family for-sale product is a potential threat to market health as household growth tilts in the direction of rental while the growth in owner households comes from smaller and older households. The opportunity for Outer Ring West is to be early to the project of placemaking and delivering new types of housing stocks.

WITHOUT MICRON

Under a low-growth scenario, it is likely that Outer Ring West would see a decrease in the total number of homeowners and a growing number of renter households. Some conversion of owner-occupied houses to rental use would also be likely. Market changes would happen gradually, with strong areas remaining strong for quite some time, and new single-family development would maintain a feeling of growth and success if it occurs.

The degree and speed of stagnation, and possible market decline, would be dependent on the amount of typical sprawling ownership housing development in the county. The greater the number of units built for the ownership market, the higher the risk of rental conversion or vacancy of formerly owner-occupied houses.

The opportunity for Outer Ring West is to be early to the project of placemaking—primarily in Camillus, both town and village—and delivering new types of housing stocks.

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either “Yes” or “No”. If the answer to the initial question is “Yes”, complete the sub-questions that follow. If the answer to the initial question is “No”, proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

C. Planning and Zoning

C.1. Planning and zoning actions.

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? ☐ Yes ☒ No

- If Yes, complete sections C, F and G.
- If No, proceed to question C.2 and complete all remaining sections and questions in Part 1

C.2. Adopted land use plans.

a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? ☒ Yes ☐ No

If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? ☒ Yes ☐ No

b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) ☐ Yes ☒ No

If Yes, identify the plan(s):

c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan? ☐ Yes ☒ No

If Yes, identify the plan(s):

C.3. Zoning

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. ☒ Yes ☐ No
If Yes, what is the zoning classification(s) including any applicable overlay district?

The site is zoned LBO (limited business office)

b. Is the use permitted or allowed by a special or conditional use permit? ☒ Yes ☐ No

c. Is a zoning change requested as part of the proposed action? ☐ Yes ☒ No

If Yes,

i. What is the proposed new zoning for the site? PUD

C.4. Existing community services.

a. In what school district is the project site located? West Genesee Central School District

b. What police or other public protection forces serve the project site?

Camillus Police Department

c. Which fire protection and emergency medical services serve the project site?

Camillus Volunteer Fire Department and WAVES Ambulance

d. What parks serve the project site?

Reed Webster Park, Nancy Brown Wildlife Sanctuary, West Colony Point Park, Erie Canal Trail

D. Project Details

D.1. Proposed and Potential Development

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? residential and commercial

b. a. Total acreage of the site of the proposed action? appox. 21.68
b. Total acreage to be physically disturbed? approx. 16.52
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 21.68

c. Is the proposed action an expansion of an existing project or use? acres ☐ Yes ☒ No
i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % Units:

d. Is the proposed action a subdivision, or does it include a subdivision? ☒ Yes ☐ No

If Yes,

i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)
residential and commercial

ii. Is a cluster/conservation layout proposed? ☐ Yes ☒ No

iii. Number of lots proposed?

iv. Minimum and maximum proposed lot sizes? Minimum Maximum

e. Will the proposed action be constructed in multiple phases? ☒ Yes ☐ No

i. If No, anticipated period of construction: months

ii. If Yes:

- Total number of phases anticipated 2
- Anticipated commencement date of phase 1 (including demolition) 08 month 2026 year
- Anticipated completion date of final phase 08 month 2027 year

Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases:

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
If Yes:	
i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): _____	

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

iii. Will the proposed action cause or result in disturbance to bottom sediments? ☐ Yes ☐ No
If Yes, describe: _____

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation? ☐ Yes ☐ No
If Yes:

- acres of aquatic vegetation proposed to be removed: _____
- expected acreage of aquatic vegetation remaining after project completion: _____
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): _____
- proposed method of plant removal: _____
- if chemical/herbicide treatment will be used, specify product(s): _____

v. Describe any proposed reclamation/mitigation following disturbance: _____

c. Will the proposed action use, or create a new demand for water? ☒ Yes ☐ No
If Yes:

i. Total anticipated water usage/demand per day: _____ TBD gallons/day

ii. Will the proposed action obtain water from an existing public water supply? ☐ Yes ☒ No
If Yes:

- Name of district or service area: OCWA
- Does the existing public water supply have capacity to serve the proposal? ☐ Yes ☐ No
- Is the project site in the existing district? ☒ Yes ☐ No

s. Does the proposed action include construction or modification of a solid waste management facility? ☐ Yes ☒ No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____

ii. Anticipated rate of disposal/processing:

- _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
- _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: _____ years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐ Yes ☒ No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: _____

ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

iii. Specify amount to be handled or generated _____ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: _____

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐ Yes ☐ No

If Yes: provide name and location of facility: _____

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: _____

An aerial map view from Esri's Maxar satellite imagery. The map shows a residential neighborhood with houses, streets, and some commercial buildings. A blue polygon outline is drawn on the map, enclosing a large area. A green line is also drawn, following a path through the neighborhood. Several red and blue dots are scattered across the map, likely representing specific locations of interest. The map includes a scale bar in the bottom right corner and the Esri logo in the bottom left corner.

**Re: Proposed Camillus Apartments & Retail Development – Traffic Impacts
Hinsdale Road/Warners Road, Town of Camillus, NY**

Dear Mr. Goethe:

I have reviewed the information you provided and I have provided a proposal to complete a full traffic impact assessment for the proposed Camillus Apartments & Retail development on the east side of Hinsdale Road in the Town of Camillus, NY.

The project site is located to the east of Hinsdale Road and to the south of Warners Road, along the north side of NYS Route 5 in Camillus NY. The site is currently vacant. The proposed development includes approximately 175 apartments with 30,000 SF of retail space. Access to the development will be provided via a new town roadway connecting to Hinsdale Road opposite the southern Township 5 driveway, and to Warners Road approximately 600 feet to the west of Oakley Road. The southern Township 5 driveway is proposed to be converted from right in/right out only access to full access.

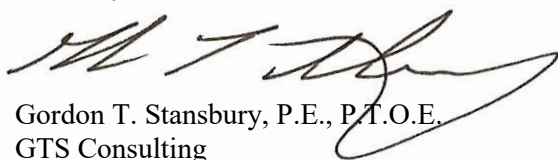

GTS Consulting has extensive experience in the Town of Camillus having completed the traffic impact studies for the original Township 5 development and subsequent changes, the Camillus Pointe Senior Apartments, and the previously proposed Dunkin' development in the immediate project area. GTS Consulting has also completed numerous studies along the Genesee Street corridor to the south of the project area for the West Genesee School District and various retail developments.

The traffic impact study that will be completed for the proposed Camillus Apartments and Retail development will identify traffic impacts associated with both the proposed development and the new town road between Warners Road and Hinsdale Road, as well as any necessary mitigation improvements to address those impacts.

I am confident that appropriate mitigation will be feasible in the area to address any impacts identified and that with that mitigation, the proposed development will have no significant or adverse impacts on traffic operations in the area. I also anticipate that the proposed new roadway will provide some level of improvement to existing operational deficiencies at the Hinsdale road/Warners Road intersection.

If you have any questions or need additional information, please call.

Sincerely,

Gordon T. Stansbury, P.E., P.T.O.E.

Re: Tax Map Parcels No. 017.-04-48.1
3644 Warners Road
Town of Camillus

Dear Rick,

Regarding the above parcel 017.-04-48.1, we hereby advise you that our water service is available under OCWA's rules and regulations.

This property is not currently part of an established water district. Please provide documentation to OCWA that the Town has included this property in an existing water district or has created a new water district to encompass this property.

Very truly yours,

OCWA
